

WILTSHIRE GOLF CAPTAINS VS BERKSHIRE GOLF CAPTAINS

Wednesday 7th July 2021 at West Wilts Golf Club

Well we had a very good match played in excellent spirit and good comradeship. One of our team had a puncture on the way but luckily managed to arrive before his tee time although he missed his sandwiches and chips but we still managed to win our match, although one of the opposition was unwell (hope you are much better Peter) which helped our cause. We also got very lucky with the weather although some of us got slightly wet nothing to bad but could see some bad weather moving around us. The dinner after was well received and all who spoke to me were very complementary and the opposing captain also thought the course was in good condition, so the fact we could not change for dinner was if anything well received by most. So a good day all told and as an added fillip Wiltshire was victorious. Thanks to all who took part all the players, and the staff at the club who took very good care of us.
